

National Occupational and Process Safety Conference

Safety Awards Program

AFPM congratulates all of this year's award recipients on their outstanding achievements.

Best wishes for a safe 2020.

AFPM Safety Awards Program

The presentation of the AFPM Safety Award plaques is part of a comprehensive safety awards program which the Association's Safety & Health Committee has developed to promote safety performance achievements in the petroleum refining, petrochemical manufacturing, and contracting industries and to publicly recognize the excellent record of safety in operations which the industries and contractors have achieved.

AFPM Safety Awards are based on records kept for employees in accordance with OSHA record keeping requirements as defined by law and entered on the OSHA 300A summary form and API RP 754, Process Safety Performance Indicators for the Refining and Petrochemical Industries.

Distinguished Safety Award

AFPM's most prestigious award, the Distinguished Safety Award (DSA) recognizes the **top** member company refineries and petrochemical plants that have attained a sustained, exemplary level of safety performance in the domestic refining and petrochemical manufacturing industries. The DSA Selection Committee carefully examines the safety performance records of individual plant locations using the specific screening and selection criteria detailed below to identify this year's industry safety leaders.

Elite Gold Safety Award

This award is traditionally presented to approximately the top one percent of member company refineries and petrochemical plants that have exhibited superior safety performance and program innovation as determined by the DSA Selection Committee.

Elite Silver Safety Award

This award is traditionally presented to approximately the top five percent of member company refineries and petrochemical plants that have exhibited excellent industry safety performance and program innovation as determined by the DSA Selection Committee.

AFPM Safety Award Recipients

The 28th Annual Safety Awards honors 24 regular member companies, 38 refineries, 28 petrochemical plants with 91 awards. Thirty-two associate member companies with 447 awards in for their efforts in 128 facilities.

Distinguished Safety Award Winners

Chevron Phillips Chemical
Company LP
Borger Plant

ExxonMobil Chemical
Company
Baton Rouge Polyolefins Plant

LyondellBasell Industries
Clinton Complex

Marathon Petroleum
Corporation

Manufacturing**

LyondellBasell Industries
Victoria Site

Valero Energy Corporation
Wilmington Asphalt Plant

Distinguished Safety Award

Screening Criteria

In order to qualify for the DSA, a facility must first pass the screening criteria as described below:

1. A location must achieve the following requirements for the calendar year:
 - a. an employee total recordable incidence rate (TRIR) of 0.30 or less,
 - b. a contractor total recordable incidence rate (TRIR) of 0.30 or less,
2. A location must have had no employee workplace related fatalities and no non-employee (contractor, visitor, etc.) workplace related fatalities for the previous five consecutive years.

A location must answer **no** to the following questions:

1. Did the location experience a community evacuation or sheltering event, or worker/ contractor hospitalization (admitted for treatment) during the evaluation period?
2. Did the location experience a recordable injury where any of the following caused or contributed to the injury during the evaluation year?
 - Failure to isolate hazardous energy (lockout/tagout)
 - Opening process equipment not properly prepared for maintenance
 - Improperly prepared or hazardous confined Space
 - Improperly prepared or hazardous excavation
 - Any falls from height (>4 feet)
 - Any Tier 1 or 2 Process Safety Event (PSE)
 - Contact/exposure to hazardous materials (physical and chemical)
 - H2S, HF, Hydrocarbons, Corrosives, Electricity, Radiation, Excessive Heat, etc.
 - Any crane or rigging failure
3. Did the location have any API RP Tier 1 Process Safety Events (PSE) that **required** notification to the National Response Center during the evaluation year?

Selection Criteria

After passing the screening criteria, the candidate facility's overall safety performance record will be evaluated by the selection committee based on the applicant's written application. Those sites that are in the running for the DSA and Elite Gold awards participate in in-person interviews with representatives of the DSA Selection Committee.

Safety Achievement Award (Operating Members)

Screening Criteria

In order to qualify for the Safety Achievement Award, a facility must first pass the following screening criteria.

1. A location must achieve the following requirements for the calendar year: employee & contractor aggregate total recordable incidence rate (TRIR) of 0.35 or less
2. A location must have had no employee workplace related fatalities and no non-employee (contractor, visitor, etc.) workplace related fatalities for the reporting year.

A location must answer **no** to the following questions to pass the screening criteria and be eligible to apply for the Safety Achievement award:

3. Did the location experience an injury to a **company employee** that required hospitalization (admitted for treatment) during the evaluation period?
4. Did the location experience a **company employee** recordable injury where any of the following caused or contributed to the injury during the evaluation year?
 - Failure to isolate hazardous energy (lockout/tagout)
 - Opening process equipment not properly prepared for maintenance
 - Improperly prepared or hazardous confined space
 - Improperly prepared or hazardous excavation
 - Any falls from height (>4 feet)
 - Any Tier 1 or 2 Process Safety Event (PSE)
 - Contact/exposure to hazardous materials (physical and chemical)
 - H2S, HF, Hydrocarbons, Corrosives, Electricity, Radiation, Excessive Heat, etc.
 - Any crane or rigging failure
5. Did the location experience a community evacuation or sheltering event during the evaluation period?
6. Did the location have any API RP Tier 1 Process Safety Events (PSE) that **required** notification to the National Response Center during the evaluation year?

Contractor Safety Achievement Award

This award recognizes maintenance contractors working a minimum of 20,000 hours per calendar year at a regular member facility.

Section 1: Injury & Illness Data

The contractor company at the location submits this information for data analysis only:

Total Hours Worked
Total Fatalities (G)
Cases with Days Away From Work (H)
Cases with Job Transfer or Restriction (I)
Other Recordable Cases (J)
Days Away From Work (K)
Days with Transfer or Restriction (L)
DART
Total Recordable Incident Rate

Section 2: Incident Severity Screening Criteria

The contractor company at the location must answer **no** to the following questions to be eligible for the award:

Did the contractor company at the location experience an event where an employee was hospitalized (admitted for treatment) during the evaluation period? Yes No

Did the contractor company at the location experience an event where an employee had an amputation during the evaluation period? Yes No

Did the contractor company at the location experience an event that resulted in a workplace fatality? Yes No

Did the contractor company at the location experience a recordable injury where any of the following caused or contributed to the injury during the evaluation period: Yes No

- Failure to verify hazardous energy isolation (lockout/tag out)?
- Opening process equipment not properly prepared for maintenance?
- Improperly prepared or hazardous confined space?
- Improperly prepared or hazardous excavation?
- Any falls from height (>4 feet)?
- Contact/exposure to hazardous materials (physical and chemical) such as:
H₂S, HF, Hydrocarbons, Corrosives, Electricity, Radiation, Excessive Heat, Etc.?
- Any crane or rigging failure?

Section 3: Participation and Best Practices

The contractor company at the location must meet a minimum score of **50** points to be eligible to apply for the award

Site Safety Processes / Initiatives (Contractor Safety Forums, Focus Teams, etc.)

- Implements timely with an active participation level in the development/deployment = 10
- Implements as required with no additional involvement = 5
- Doesn't support or promote with minimal required participation = 0

Audit Process / Employee Observation

- Most employees and supervisors are involved and follow-ups are completed with action plans = 10
- Good involvement but no formal follow-up = 5
- No program in place = 0

Short Service Worker / Mentoring Process

- Formal mentorship program/process for new employees = 10
- Informal mentoring process = 5
- No program in place = 0

Near Miss Reporting Program

- Actively reports near misses with a reporting process that includes high potential and significant events = 10
- Informal near miss reporting process = 5
- No program in place = 0

Frontline Leadership Program – NEW Added for 2018 Submission Criteria

- Formal Frontline Leadership/Supervisor Development Program = 10
- Informal Frontline Leadership Program = 5
- No Program in place = 0

VPP

- OSHA VPP Recognition (Star, Demonstration, Mobile Workforce, Challenge, SHARP) = 10
- VPP Application Submitted / In Process = 5
- No Participation = 0

AFPM Safety Awards Industries' Outstanding Workplace Operations

WASHINGTON, D.C. – The American Fuel & Petrochemical Manufacturers (AFPM) has announced the winners of the 2019 Annual Safety Awards, part of an ongoing mission to enhance and recognize outstanding workplace safety. The awards are part of a comprehensive program developed by the AFPM Safety and Health Committee to promote safe operations in the refining and petrochemical industries and to recognize facilities with outstanding occupational and process safety records.

“There is nothing more important to the fuel and petrochemical industries than safety. Our member companies go above and beyond requirements to keep our people, communities and facilities safe, and the AFPM Safety Awards recognize their strong commitment to safety and their persistence to improve on their already outstanding records,” said AFPM President and CEO Chet Thompson.

“The recipients represent leaders within our industries, and we are pleased to acknowledge these facilities for their excellent safety records, proactive programs, and impressive safety cultures,” Thompson continued.

The highest honor, the Distinguished Safety Award, is awarded to the top sites with outstanding safety performance, program innovation and safety leadership. We proudly bestow this honor on a record nine facilities this year for achieving a sustained, exemplary level of safety performance: Chevron Phillips Chemical Company LP – Borger Plant, ExxonMobil Chemical Company – Baton Rouge Polyolefins Plant, LyondellBasell Industries – Clinton Complex, Marathon Petroleum Corporation – Martinez Refinery, Phillips 66 – Bayway Refinery, Phillips 66 – Ferndale Refinery, Phillips 66 – Lake Charles Manufacturing Complex, Phillips 66 – Santa Maria Refinery and Phillips 66 – WRB Refining, LP – Borger Refinery.

The Elite Gold Award, which historically on average recognizes facilities with safety performances in the top one percentile and that have demonstrated superior and consistent safety performance, program innovation and leadership, has been given to eight facilities this year: Chevron U.S.A. Inc – Richmond Refinery, CITGO Petroleum Corporation – Lemont Refinery, ExxonMobil Chemical Company – Baton Rouge Chemical Plant, ExxonMobil Chemical Company – Beaumont Polyethylene Plant, Flint Hills Resources, LLC – Peru Plant, LyondellBasell Industries – Chocolate Bayou Polymers Facility, LyondellBasell Industries – LaPorte Complex and LyondellBasell Industries – Matagorda Complex.

The Elite Silver Award, which recognizes those sites that have attained top industry safety performance for the application year and demonstrated excellent program innovation and leadership over time. The Elite Silver Award has historically on average recognized the top five percentile of industry safety and was awarded to eight facilities this year: Chevron Phillips Chemical Company LP – Drilling Specialties Conroe Plant, Chevron Phillips Chemical Company LP – Orange Plant, ExxonMobil Chemical Company – Pensacola Specialty Elastomers Plant, ExxonMobil Chemical Company – Baton Rouge Plastics Plant, LyondellBasell Industries – Corpus Christi Operations, LyondellBasell Industries – Edison Catalyst Manufacturing, LyondellBasell Industries – Victoria Site and Valero Energy Corporation – Wilmington Asphalt Plant.

In addition, to the winners listed above, 24 member companies received 66 Safety Achievement Awards; and thirty-two associate member companies received 447 Contractor Safety Achievement Awards for their performance in 128 facilities. For more information on the awards and winner, visit the AFPM Safety Awards on the AFPM website.

A ceremony for the Safety Award winners will be held at the AFPM Summit that is scheduled to take place in San Antonio, Texas, August 25 – 27, 2020.

###

About AFPM

The American Fuel & Petrochemical Manufacturers (AFPM) is a national trade association whose members comprise virtually all U.S. refining and petrochemical manufacturing capacity.
