Subsidiaries that would be covered under the applicant's membership:

The American Fuel & Petrochemical Manufacturers is an association of refining and petrochemical companies. Our meetings are intended primarily to provide a forum for the free exchange of information on manufacturing operations. It is the policy of the Executive Committee to encourage membership by companies with a direct interest in manufacturing. Companies operating petroleum refineries or similar petrochemical plants outside of the United States may be accepted as International Manufacturing Members upon the approval of the Executive Committee.
