

2026 AFPM **SUMMIT**

Operational Excellence in
Refining, Midstream and
Petrochemical industries

August 31 –
September 3, 2026
Gaylord Texan
Grapevine, TX

The ONLY conference for the
petroleum refining, midstream and
petrochemical industries focused on
improving plant-wide performance.

AFPM Summit Bingo: Spell AFPM and Win Big Prizes!

The AFPM Summit Bingo Game is a fun, informative, and interactive experience for Summit 2026 attendees! Brought to you by the AFPM Immersive Learning Committee.

Your Mission, should you choose to accept it: Get your bingo card at registration, and spell AFPM by collecting stamps at the various locations noted on the card squares. In order to collect the stamps, go to the locations and answer a few trivia questions correctly. Once you have stamped a row to spell 'A F P M', fill out your contact info on the card and drop it into the drawing box at the AFPM Immersive Learning Booth. Valuable prizes are up for grabs! You could win a Yeti Lunchbox or a Beats Bluetooth speaker. Complete your stamps and contact info and submit your card by *Wednesday Sep 2nd at 3pm CST* to be eligible for the drawing. Three winners will be randomly drawn from the box of submitted Bingo cards and the winner will be *announced at 4pm CST* via the AFPM App to claim their prize at the ILC Booth!

For questions and details, see Abby Esterly at the Immersive Learning Booth.

Sylvia Johnson, Board Member, U.S. Chemical Safety Board

9:30 - 10:30 AM

Duty, Honor & Country: Geopolitical and Leadership Insights

Admiral William H. McRaven, a retired U.S. Navy Four-Star admiral, is an expert on U.S. foreign policy and has advised multiple Presidents and other U.S. leaders on defense issues. During his time in the military, he commanded special operations forces at every level, eventually taking charge of the U.S. Special Operations Command. His career included combat during Desert Storm and both the Iraq and Afghanistan wars. He commanded the troops that captured Saddam Hussein and rescued Captain Phillips. McRaven is also credited with developing the plan and leading the Osama bin Laden mission in 2011.

12:30 - 2:00 PM

Lunch in the HUB

Enjoy lunch, visit our vendor partners, and attend their educational session in the HUB Meeting rooms. Answer the trivia questions for Bingo cards. Don't forget to get your card stamped!

1:00 - 1:45 PM, Texas C

Emerging Technology extended Q&A, with Robotic Demonstrations

The Emerging Technology presenters will be hosting an Extended Q&A and Robotics Demonstration. Join us to get a better understanding of where these technologies deliver real value, clarity on where human expertise sets the path for continuous improvement, and information on where the intersection of both can deliver exponential results.
