# We Can't Wait to See You!

After another busy year, we look forward to gathering again at the premier event for occupational and process safety professionals in the refining and petrochemical industries.

Join your peers to share and leverage knowledge that can improve safety programs and performance at your site.

We think you'll agree that this is one conference experience you won't want to miss!

## Safety Awards Event

AFPM is pleased to honor those facilities and contractors that achieved excellent safety performance during calendar year 2025. The awards given are as follows:

### **Distinguished Safety Award**

AFPM's most prestigious award, the Distinguished Safety Award (DSA) recognizes the top member company refineries and petrochemical plants that have attained a sustained, exemplary level of safety performance in the domestic refining and petrochemical manufacturing industries.

### **Elite Platinum Safety Award**

The Elite Platinum Award represents the top sites in industry that were finalist for the DSA.

### **Elite Gold Safety Award**

This award is traditionally presented to approximately the top one percent of member company refineries and petrochemical plants that have exhibited superior safety performance and program innovation.

### **Elite Silver Safety Award**

This award is traditionally presented to approximately the top five percent of member company refineries and petrochemical plants that have exhibited excellent industry safety performance and program innovation.

### **Innovation Award**

The Innovation Awards recognize refineries, petrochemical facilities, and their contractors that have unique and innovative programs or practices that effectively improve the site's safety performance for either industrial hygiene, occupational safety, or process safety.

Awards are presented at the Safety Awards Banquet on May 7th. This year, the DSA and Elite Platinum Award recipients will be revealed at the Safety Awards. Be sure to [secure](#) your tickets early!

## Exhibit Hall

The AFPM Safety Conference is the place to exhibit with over **500 attendees** many of which are site and corporate safety managers from virtually every AFPM Operating Member.

The table top opportunity makes it easy and affordable to participate.

Contact [NSCExhibits@afpm.org](mailto:NSCExhibits@afpm.org) for more information.

## Sponsorship Opportunities

Join us as a conference supporter with several new sponsorship opportunities!  
Contact [sponsorships@afpm.org](mailto:sponsorships@afpm.org).

## Emerging Leaders

The Emerging and Future Leader program is offered through AFPM conferences to recognize and encourage developing talent. At the 2026 National Safety Conference, we are offering complimentary registration for one (1) Emerging Leader per member facility and one (1) Emerging Leader per contractor member company.

Suggested individuals are early career (~5-15 years' experience) and growing into roles with larger influence in corporate or site leadership. Emerging Leader sessions and networking events will be held at seven AFPM conferences in 2026.

For more information contact Robina Ahmed at [rahmed@afpm.org](mailto:rahmed@afpm.org).
