Learn and Connect at the Summit

The 2021 AFPM Summit: Excellence in Plant Performance is right around the corner!

The Summit delivers world-class technical sessions dedicated to improving plant-wide performance in the refining and petrochemical industries. Join dedicated industry subject matter experts online to discover the latest strategies and emerging innovations, and find immediate solutions to implement at the site level. With over 90 sessions, we guarantee to deliver the curriculum you need to succeed.

Who Should Attend?

Engineers and other personnel in the following disciplines:

- FCC Technologists & Supervisors
- Maintenance and Reliability
- Operational Excellence
- Rotating Equipment
- Fixed Equipment
- Inspection
- Turnaround Planning & Management
- Contractors
- Technology Licensing
- Project Engineering
- Operations
- Operations Engineers & Supervisors
- Technology Support

Why You Need to Attend!

- Achieve Excellence in Plant Performance
- Increase Optimization and Reliability
- Access to Emerging Technologies
- Innovative Solutions to Common Issues
- Advanced Integrated Learning
- Networking, Networking, Networking!

Register Today!

The 3,600 participants in the virtual 2020 Summit proved to us that virtual learning opportunities allow us to reach all audiences from the seasoned professional to the young engineers and even our peers from international sites. The 2021 virtual Summit provides an amazing amount of content that will connect you with your peers and the subject matter experts. We can't wait to connect with you!

Technical Expertise. Actionable Solutions.

Day 1: Tuesday, October 5

Virtual Hours

Tuesday, October 5
8:30 AM – 4:45 PM CDT
Wednesday, October 6
8:30 AM – 6:00 PM CDT

8:30 – 9:30 AM	<p>Summit Kickoff: Chet Thompson, <i>President and CEO, AFPM</i></p> <p>Peter G. Andrews Lifetime Service Award Bruce Taylor, <i>former Sinclair Oil Corporation and former chairman of the Operational Planning, Controls & Automation Technologies committee</i></p> <p>Industry Leadership Panel Speakers: Bob Herman, <i>Executive Vice President, Refining, Phillips 66</i> Dave Lamp, <i>President and Chief Executive Officer, CVR Energy, Inc.</i> Matt Smorch, <i>President & CEO, Countrymark Cooperative Holding Corporation</i></p>

Program & Agenda Highlights

In addition to technical education sessions, The Summit offers opportunities for attendees to come together to learn from one another and celebrate our industry's achievements.

2020 Peter G. Andrews Lifetime Service Award

Tuesday, October 5 | 8:30 AM CDT

The Peter G. Andrews Lifetime Service Award honors those who have made significant long-lasting contributions to the value and quality of the AFPM Summit. This year's recipient is Bruce Taylor, former Sinclair Oil Corporation and former Chair of the Operational Planning, Controls & Automation Technologies Committee.

Emerging Leaders

Tuesday, October 5 | 3:00 PM & 4:00 PM CDT

These sessions allow junior and senior leaders to unify around innovative leadership practices, practicable methods to execute work effectively, and key considerations for managing teams in today's environment.

Women in Industry

Wednesday, October 6 | 5:15 PM CDT

AFPM networking event for and by women. Come ready to Learn the Secrets of a Strong Mind with LaRae Quay, a former FBI Counterintelligence Agent.

Sponsored by: Ablemarle Corporation

AFPM Security Sessions

Available to Summit Registrants at No Additional Cost!

Sessions from the AFPM Security Conference will be available on the virtual platform. Sessions include:

- **Reflections on 9-11**
Will Hurd, former Congressman (TX-R) and CIA clandestine officer
- **2020/21 Looking Back**
Scott Whelchel, Dow, Chair of Chemical Sector Security Council, and Jillian Sulley, Devon Energy, ex-Chair of ONG Sector Security Council
- **Crisis Management**
Scott McHugh, Lyondell, and Mike McGarrity, VP of Global Risk Services-Global Guardian, ex-Assistant Director FBI Counter-Terrorism Division
- **Current Threat Landscape**
Mike Machtinger, FBI, and Scott De Graff-Moderator-MPC

Just find these sessions in the agenda and watch them live. Conflicts with another session you were interested in attending? Not a problem! Watch them on demand following the conference.
